

The Suttie Group

Passionate about people, partnerships and performance

General Manager – UG - Mexico

The Suttie Group is working with a well-funded, Canadian mining company focused on the growth of its production, resources and reserves in Mexico. The GM is responsible for the management all aspects of a currently producing underground mine and processing operation.

Reporting to the VP the successful applicant will be responsible for leading the team to ensure the Company's operational goals and objectives are met.

The successful candidate will be:

- Fluent English with a minimum of 80% fluency in Spanish.
- 15+ years international experience in operational roles including +10 years in senior mine management - demonstrated success with the full spectrum of mine management with added focus on Processing Plant, Community relationships as well as meeting objectives and budgets.
- University degree or equivalent in a mining related field with a strong appreciation for solid management/communication skills and understanding.
- Prior success in Latin America with an appreciation for the Mexican culture and experience outside of the Latin American sphere is a must.
- Highly energetic and self-motivated with demonstrated determination to excel, committed to action and able to inspire these attributes within your team through leading by example.
- Adept at managing diverse relationships, able to develop individuals and teams for sustained performance.
- Proficient with modern Management communication techniques including the ability respectfully address multiple points of view and build trust so that employees feel their experiences and perspectives are heard and valued resulting in the motivation and achievement of a strong and productive team.

If this describes you and you are open to a new challenge, please email your resume in MSWord format to Elizabeth via the www.suttiegroup.com website.

Your confidentiality is assured and we look forward to working with you!
