Underground Mine - Consulting Mine Operations Mgr.

Our Client is a growing company in the Americas and views this UG Mine project as critical to their 2019 performance; losses must be addressed to show a demonstrated turnaround in 2019. With your participation and depth of talent they will succeed. They view this as an opportunity for you to establish yourself in a keystone project and upon the successful outcome an ongoing role would be a consideration.

Reporting to: Country Manager, Mexico

Term of Contract: 6 months – could become permanent

Rotation: FIFO

Authority: The Consulting Mine Ops Manager will be the highest authority at the Mining Unit.

- All personnel including the GM will report to this position.
- Any changes to personnel will be accomplished in concert with Senior Management and company policies.
-

Actions Required:

- Address short term mine planning issues
- Mine productivity
- Improved utilization of the mining fleet
- Increased Mine production
- Improved grade control and ore handling
- Cost control is paramount in addressing financial issues
- Improve the mindset of all personnel
- In conjunction with Senior Management prepare a mine recovery plan including basic KPI's for the team that hold each shift accountable for their results.

Capacities:

- Degree in Mine Engineering or equivalent with extensive UG Mine Management skills.
- Ability to communicate technical terms in Spanish, basic fluency is required.
- Desire to participate in project turnaround / change management which includes the ability to rapidly grasp the limitations and deficiencies in each department which includes:
 - planning
 - geology
 - mining
 - associated service departments with particularly emphasis on short term mine planning
 - scheduling and execution
- The ability to assess personnel's capabilities and attitudes and take corrective action.
- A firm and fair approach to managing the daily performance of department heads and their direct subordinates
- An appreciation for the company's objective to rapidly turn this project's results to positive without stopping production.

Does the above describe you? If you are a seasoned Mine Engineer who enjoys a challenge in a fast paced environment, this may be the opportunity you have been waiting for. Please submit your resume in MS Word format to Elizabeth via the www.suttiegroup.com website.

Your confidentiality is assured and we look forward to representing you!
