

The Suttie Group

Passionate about People, Partnerships and Performance

As leading recruitment specialists, **The Suttie Group** represents exceptional, multilingual, national and international candidates with extensive exploration and mining experience. This includes “best in class” Geologists, Engineers, Accountants and C-level candidates. We attract these MVPs by delivering unparalleled service and professional representation. We stay in touch with our candidates and work with only the top performers.

The Suttie Group’s primary focus is servicing Canadian exploration and mining companies with operations throughout the Americas. We have an extensive database of mining professionals which includes close to 1000 Spanish speaking candidates from all areas of mining.

What does this means for our clients?

As your corporate **Talent Scouts** we are passionate about securing the finest players for your team. We provide excellent customer service and consistent results. You will only be presented with candidates who have been vetted and are aware you are receiving their file. The Suttie Group adheres to professional standards and ethical business practices. We are performance based, no fees are payable until we place a candidate. Why pay for retained search when you can enjoy superior results with The Suttie Group?

PS. Our focus is exclusively Exploration and Mining – this is 100% of what we do!
